25 August 2016

Press Release 33/16

## **INCREASED ACTIVITY AT ROYAL AIR FORCE LEEMING**

There will be increased aircraft movement for various events and exercises taking place from RAF Leeming from 29 August to 5 September 2016.

RAF Leeming will be hosting various exercising aircraft and detachments throughout period, including a large-scale Tri Service exercise. The event is designed to exercise Naval, Army and RAF assets (fixed and rotary wing), in close support of ground troops; the nature of the exercise is such that military aircraft activity in these areas will increase marginally for short periods. Low flying for short periods will be necessary, along with some exercising at night.

We understand our responsibility as good neighbours to inform the local community of such events that are additional to our normal flying activities and every effort will be made to keep the disturbance to a minimum.

**ENDS.**

**Notifications of extra flying can now be sent out via email. If you would like to receive information in this format, please send your details including email address to: [LEE-BSW-MCO@mod.uk](mailto:LEE-BSW-MCO@mod.uk)**
